**Transparency, expertise and professionalism
are our values, which make International Renting
a serious and reliable partner.**

The sale of used vehicles is an integral part of our business, we sell and rent cars both in Italy and abroad and we offer a wide range of brands and models. The vehicles we propose come from the long-term rental and have **had only one owner: US**. All of them have been regularly inspected in our affiliated repair shops following the manufacturer maintenance schedule.
